

NEED HELP WITH VET BILLS?

Dogs can be unpredictable and so can the cost of vet bills!

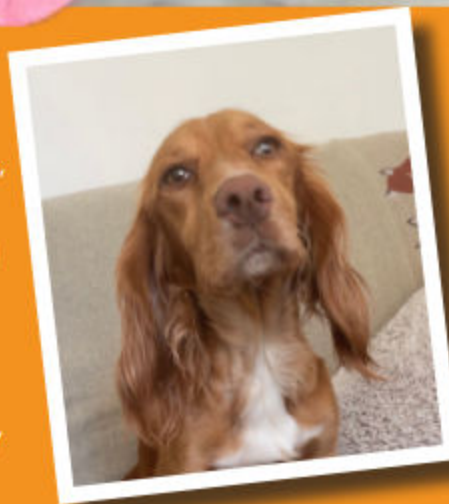

We can help with one-off grants towards treatment.*

A little about a lady!

Lady, a beautiful and very much loved Cocker Spaniel, swallowed a sock, causing a catastrophic obstruction which without surgery would have been fatal. Her loving owners contacted our East Yorkshire Community Support Manager for help, it was apparent that Lady was in a wonderful home where she was very much loved, and up until this freak accident was living a wonderful life.

Coming into rescue to be rehomed clearly would not be in her best interests. We were delighted to be able to make a contribution towards her surgery, to allow her to remain with her family, and she has since fully recovered. Paws off the socks in future, Lady!
